 Refunds/discounts – People are asking for refunds for tournaments that the team has already done before their child has started with the team. If player joins the club before indoor season they are charged for two tournaments. Where do we draw the line? We try to be fair and responsive to our families. A board member said that right now, PSC is allowing people to pick and choose ala carte. So, it comes down to what to do if a player does not attend camp or a tournament. Our fees are fixed. It was brought up that PSC should pro-rate the fees for players who sign up after camp and or after their teams first tournament.
